

CONTORTIONIST GIN

Gin is an amazing spirit due to the breadth of styles found in the category. In contemporary style, Contortionist Gin gives heavy attention to botanicals beyond juniper while still featuring it as a primary component. Its distinct citrus flavor brings new dimensions to delicious gin cocktails.

DESCRIPTION

- 45% ABV
- Featuring: juniper, coriander, lemon, orange, grapefruit, cardamom, elderflower, vanilla, orris root, angelica root, licorice root
- Distilled on a Vendome copper still with a custom botanical basket for greater botanical surface area
- Fresh, hand-peeled citrus
- Vacuum distilled at a cooler temperature to preserve the top notes of the more delicate botanicals

TASTING NOTES

NOSE: Sweet floral, citrus zest, creamsicle, and white tea leaves

TASTE: Dried flowers and roots, sweetness, fresh citrus oil, background of juniper, and a perfume floral finish

HOW TO DRINK IT

- Citrus forward classic cocktails
- Gin and tonic with a citrusy twist
- Lighter bodied drinks

KEY SELLING POINTS

- Flexible in many types of cocktails
- Great way to introduce non-gin drinkers to the category-accessible flavor profile
- Vacuum distillation of fresh citrus maintains brightest citrus notes possible
