LAS VEGAS GLOBAL SPIRIT AWARDS

There's nothing subtle or mild about this gin, it's truly worthy of the Strongman name. In fact, the flavor is at its complete maximum limit; the reason you will see this gin louche just a bit when cold water is added. The flavor is reminiscent of being in the middle of the woods, surrounded by sappy, resinous pine trees.

## DESCRIPTION

- 57% ABV
- Big, bold, and Navy Strength
- The botanical blend is macerated to release the darkest and richest flavor components possible
- Distilled in our Vendome copper still

## TASTING NOTES

**NOSE:** Juniper

**TASTE:** Sap, resin, pine, peppercorn, lemon

## HOW TO DRINK IT

- In savory or fruity cocktails
- If you want a gin that can hold its own against a good quality tonic, this is the one for you
- Pairs well with pineapple, coconut, and lime

## KEY SELLING POINTS

- Navy Strength
- 5x more juniper compared to Contortionist Gin
- 3 types of peppercorn: black, pink, and green
- Slight louche when cold water is added
- Unfiltered
- Packed full of botanicals
